BRANDED INGREDIENTS

Bacomind

Curcugreen's unique blend enhances curcumin absorption, potentially offering greater effectiveness in managing conditions like inflammation and osteoarthritis. Made from 100% natural turmeric extracts, it's safe and lacks synthetic ingredients. 500 - 1000 g/day.

BosNext®

BosNext® is a potent boswellia extract with over 40% AKBA, made highly absorbable through Self-D technology. It boasts enhanced bioavailability, neutral taste and smell, and clinical support for joint health, requiring a smaller daily dose of just 100 mg compared to generic alternatives. 100 mg/day.

Capsimax

Capsimax is a concentrated extract of capsaicinoids from red chili peppers, known to promote energy production, support healthy body composition, and induce thermogenesis. Studies have shown up to 500 mg to be tolerable and safe, offering potential benefits for weight management. 100 mg/day.

CurcuWin Ultra+™

Curcumin Extract 20%. Highly bioavailable curcumin has been clinically shown to help promote joint comfort and mobility. 250 mg/day.

DC-Inositol®

D-Chiro Inositol for women suffering from PCOS. Helps control blood glucose levels. 200 - 1200 mg/day.

Garlzac®

Garlzac® is a patented aged black garlic extract, 100% natural and solvent-free, with $\geq 0.5\%$ SAC, made using SELF-D technology for high bioavailability. It offers the lowest dose on the market and lacks a strong garlic odor. 500 mg/day.

Ginfort®

Ginfort® is a potent ginger extract powder, clinically proven effective for treating dyspepsia and dysmenorrhea. It's solvent-free, meets European guidelines for impurities, has a convenient 100 mg dose per capsule, and is patented in multiple countries. Primary dysmenorrhea: 200 mg/day. Functional dyspepsia: 300 mg/day.

Gingever

Gingever is a high-potency SCFE extract that offers the full benefits of ginger in a cost-effective, small dose. Utilizing UltraSOL™ technology, it provides versatility for various applications such as beverages, stick packs, and gummies. 120 mg/day.

Gutgard®

Glycyrrhiza glabra extract. Effective control of *Helicobacter pylori* and relief of symptoms of functional dyspepsia. Compatibility with probiotics and digestive enzymes.

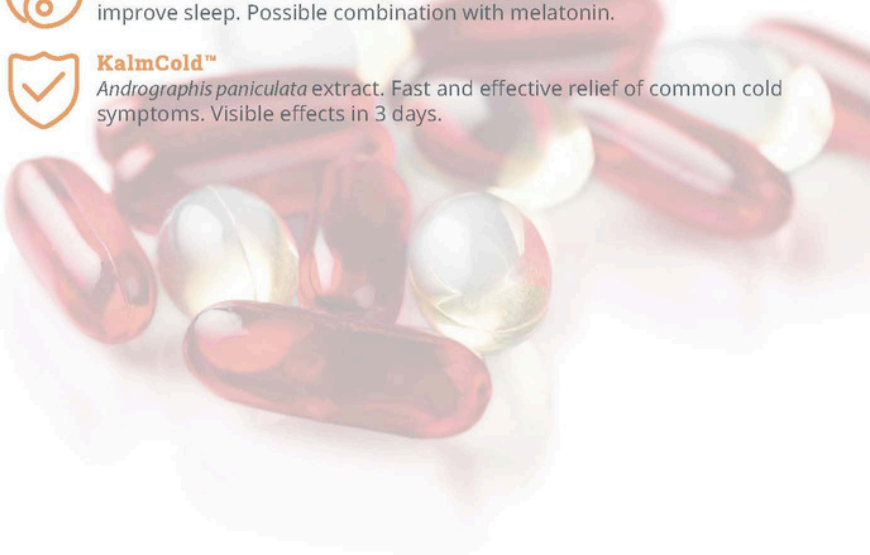

Holixer™

Ocimum tenuiflorum (basil) extract. Clinically validated to reduce stress and improve sleep. Possible combination with melatonin.

KalmCold™

Andrographis paniculata extract. Fast and effective relief of common cold symptoms. Visible effects in 3 days.

BRANDED INGREDIENTS

KSM-66 Ashwagandha®

The most studied and certified root extract, is used in over 48 formats, boasting superior taste neutrality and solubility. With extensive safety studies, it's proven to reduce stress, enhance cognitive function, improve sleep quality, boost endurance and immunity, and enhance sexual health and testosterone levels. 250 - 600 mg/day.

Lutemax2020

Lutemax2020, essential for eye health, filters blue light and supports cognitive function by accumulating in brain areas linked to learning and cognition. Clinically proven, it reduces stress by lowering cortisol levels, promotes relaxation, and enhances mental and emotional well-being. 20 mg/day.

MacOlene™

Combination of herbal extracts for eye health. Studies on cell lines (organoids) for age-related macular degeneration (AMD) and diabetic retinopathy. 400 mg/day x 2.

NatraFerrin™

NatraFerrin™ is sourced from fresh Australian milk, directly obtained from local farms where cows have year-round access to pastures and predominantly feed on grass. 95% lactoferrin. Antimicrobial and antiviral. Helps capture of iron. 200 mg/day.

OmniXan™

Omnixan 3R,3'R zeaxanthin, sourced from paprika pepper, is a pure natural extract standardized with excipients and natural antioxidants. It's a key macular carotenoid, complementing lutein to enhance absorption of high-energy light and support eye health.

Profin Collagen®

Hydrolyzed bovine collagen peptides, optimized for skin, joint and bone health. It can be easily mixed with other ingredients like vitamins and minerals in various food and pharmaceutical applications and provides ease of use: beverage applications, water drinks, sodas, and drinkable yogurt or whey drinks, all high protein, grain or fruit bars with collagen peptides in concentrations up to 25%.

Synura ADVANCED®

Blend of botanical extracts standardised in saponins. Clinically proven to delay ejaculation in people with premature ejaculation. Increases libido and erection. 450 mg/day x 2.

Turmacin™

Turmeric extract standardized in its bioactive polysaccharides „turmerosaccharides“. Improves joint health. Antioxidant and anti-inflammatory.

BRANDED INGREDIENTS

GreenLuronic (Organic)

Next-generation high-molecular weight vegan hyaluronic acid extracted from *Tremella* fungus. Scientifically proven to reduce inflammation and to stimulate cell proliferation of chondrocytes, helping to maintain cartilage health and homeostasis, and to support skin cells regeneration, improving skin elasticity and reducing skin ageing. Skin: 100 mg/day. Joints: 220 mg/day.

GreenDroitin

A plant-based alternative to traditional chondroitin sulfate, derived from the *Tremella fuciformis* fungus, offering a sustainable and cruelty-free option. It stands out for its exceptional bioavailability, enabling effective absorption without side effects like constipation. This high bioavailability allows for lower dosages, resulting in better outcomes and more customer-friendly formulations, such as smaller tablets or capsules. 220 mg/day.

VivaBiome

New Ready to Drink concept with Konjac Glucomannan for weight management. Mix it with endless possibilities: MCT, coffee or milk. 1g x 3/day.

FOOD SUPPLEMENTS

General

ALPHALIPOIC ACID	FISH OIL OMEGA 3	POLICOSANOL
ASTAXANTHIN	FRACTIONATED MILK PROTEIN (FMP)	PYRROLOQUINOLINE QUINONE
CAFFEINE	GLUCOSAMINE	DISODIUM (PQQ)
CHIA	GLUTATHIONE	S-ADENOSYL-L -METHIONINE
CHOLINE BITARTRATE	HYALURONIC ACID	YEAST B-GLUCAN 85%
CHONDROITINE SULFATE	INOSITOL (D-CHIRO,MIO)	
COENZYMEQ10	KOMBUCHA POWDER	
COLLAGEN	MCT (COCONUT)	
COLOSTRUM	MELATONIN	
DHA (VEGAN)	PALMITOYLETHANOLAMIDE (PEA)	
DIOSMIN	PHOSPHATIDYLSERIN E (15-85 %)	
D-MANNOSE	PHYLLIUM
